

CAM340

USB 3.0 ULTRA HD 4K Huddle Room Camera

"Zoom has many happy enterprise customers using AVer's CAM520 in mid to large Zoom Rooms. The AVer CAM340 delivers the exceptional huddle room video experience rarely seen in the marketplace. It is a great fit for Zoom Rooms' high quality video, audio, and screen sharing in huddle and small room setups."

- Oded Gal, Head of Product Management for Zoom

Super sharp, accurate color up to 4K

Finally the term "Like looking through glass" can be used. The CAM340 uses high quality sensors and multi-lens glass to produce the sharpest and most accurate color ever.

94° wide angle no distortion

CAM340 has one of the widest possible field of view with zero distortion. Perfect for the growing huddle room environments where attendees are closer to the lens but sit on the edge or outside of normal cameras field of view.

Pan, tilt zoom like 4x optical zoom camera

With our Ultra 4K CAM340 you can zoom in up to 4x as it if were a traditional optical camera. Zoom in and move around, no moving part, no quality lost like typical digital zoom because this is 4K.

4X Optical Zoom

Tricky light condition, no worry

No matter if you are in low light or bright light, natural or fluorescent lighting or have multiple types of lighting AVer's CAM340 white balance and exposure will provide you with accurate color to its fullest.

Easy plug-and-play, any app

Just plug USB cable and go, no driver to install, no power cable*, no extra mount.

PLUG-N-PLAY

No microphone, no problem

A high quality uni-directional microphone built-in on top of the camera can easily pick up your conversation in your huddle room environments while it suppresses noise behind the TV.
