Making a Video Call

A computer is required to use this device.

Step 1: Open your video collaboration application such as Skype™, Skype for Business, Google Hangouts™, Zoom™, Bluejeans, WebEx™, Adobe Connect™, WebRTC

Step 2: Set the CAM520 as your primary camera devices in your application (Please consult your application setup guide for details.).

Step 3: Ready to make a video call.

Quick Reference

Camera Preset (P) – The Preset button on the remote serves 2 functions.

- ✓ **To Save a Preset** – Move camera to desired position. Press and HOLD the preset button until you receive the save message on the screen. Select 0-9 to store the current camera position. Repeat if needed.
- ✓ **To load a Preset** – TAP the preset button, select 0 – 9 to load a saved camera position. Repeat steps if needed.

Pan/Tilt (D) – To move the camera, point the remote at the camera. Use the directional buttons to guide the camera to the desired position.

IMPORTANT: DO NOT PHYSICALLY MOVE THE CAMERA BY HAND WHEN POWER IS APPLIED. THIS WILL DAMAGE YOUR CAMERA.

Remote Controller

AAA Batteries (required)

*Function requires AVer PTZApp

**Future Support

***Not supported for CAM520

Note: The CAM520 is a Plug-n-Play USB camera. The system requires no special drivers, but we highly recommend installing the AVer PTZApp for the best user experience. Please visit [aver.com/video-collaboration](http://www.aver.com/video-collaboration) for more information.

Federal Communication Commission Interference Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radiofrequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: This is a class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.
