Enterprise grade high definition PTZ camera

**CAM520 PRO**

**SmartFrame**
Automatically frame people based on facial detection and optimize color and light for human faces with a single click.

18X total zoom (12X optical zoom with PTZ)
With one of the fastest and smoothest 18X total zoom available on the market today, the CAM520 PRO auto-focus optics and 12X true optical zoom delivers rapid and smooth pan, tilt and zoom performance to capture the smallest details with absolute clarity at every focal length.

**IP based management and streaming**
Ethernet network connectivity to manage and control the CAM520 PRO via a web browser or centralized management software. Easily connect live video content from the CAM520 PRO using an H.264 RTSP/RTMP stream to your cloud base or on premise streaming delivery network.

**RS232 integration capabilities**
With advanced integration capabilities built into the CAM520 PRO, the system can easily incorporate into a controlled environment to allow users to manage the CAM520 PRO over an AV control panel using the RS232 port with VISCA support.
10 camera presets

Having only one camera preset can be extremely limiting. The CAM520 PRO allows you to customize your meetings by storing up to 10 PTZ presets. Each preset can be easily accessed with one touch of the remote, saving you time and providing flexibility to swiftly move to predetermined locations in the conference room.
