V1.3.2045.0 Release date: May 28 2021	<p><u>WHAT'S NEW & Improvement</u></p> <ul style="list-style-type: none"> - New model M70W(v2) supported - Add webcam support format : YUY2 - AI function – Curve Flatten improvement
	<p><u>BUG FIXED</u></p> <p>Fixed – Camera passcode permission isn't workable in split screen mode.</p> <p>Fixed – One camera shows two same devices (purple cards) in main page for selection.</p> <p>Fixed – App crash while switching the resolution between 4k and lower resolution. (Random)</p> <p>Fixed – Camera amount is wrong while select and un-select camera in split-screen mode.</p> <p>Fixed – U50/U70 capture button on DocCam isn't workable.</p> <p>Fixed – For image frequency setting via Wi-Fi/P2P, UI always shows 50Hz while reconnecting the camera. The actual value in camera is still 60Hz if you ever switch to 60Hz.</p>
	<p><u>Issues</u></p> <p>Cannot set WPA-PSK network in wireless camera.</p> <ul style="list-style-type: none"> ○ Now we only support WPA2-PSK for wifi setting in AVerTouch. We are working on the additional format includes the WPA-PSK. <p>The video which is in the google drive cannot be displayed successfully. (random)</p> <ul style="list-style-type: none"> ○ This happens because we get the google drive video too frequently. Please try it later. We are working on the improvement for the next release.

Known issues	<ul style="list-style-type: none"> • UI display issues in 4K resolution.
--------------	--

	<ul style="list-style-type: none"> • Wrong message" fail to change camera information" displays randomly when you setup the camera. • Annotation cannot follow the camera image rotate. • In google drive library users cannot edit the files, but the file check button is still enabling for user to select.
Limitation	<ul style="list-style-type: none"> • Doesn't support extend display screen now, it can't be recorded and captured. • Sometimes camera cannot be connected that it also is based on your network status. Please check your network and reconnect it again. • Privacy policy and terms of service page pop out the empty webpage if you don't connect to the Internet.
